The Diving

Whale Sharks, Thresher Sharks, Bait Ball... Oh My!!! That's right, if all goes as planned we will dive with the whale sharks an experienced I have only dreamed of. On one dive site the Thresher sharks come up early in the morning for feeding, we will be able to jump off the boat see these amazing sharks and enjoy a breakfast after. If you do this dive from a land based operation you get up at 3 am to see them. Dive with a giant sardine bate ball and enjoy wall diving and macro. A trip to remember!!!
