

Anse Chastanet

St Lucia

July 9-15, 2022

The Resort

Architect owner Nick Troubetzkoy created a resort that makes the foliage and the flowers, the perfumes and the peaks, the sea and the bird song an integral part of your vacation experience. The estate encompasses 600 lush tropical acres bordering two soft sand beaches. All this wonder makes Anse Chastanet our favorite Caribbean resort.

Much of the food is grown on site with unique dishes offered weekly. Best part is you order off the menu at each meal. Not only is the food fresh and delicious but it is also stunning to look at.

The Diving

Scuba St. Lucia, as one of the most scenic and ecologically rich locations the Caribbean has to offer – including an easily accessible coral-rich dive and snorkeling site right off shore. Scuba St. Lucia is not only the island's longest established dive center, but a safe and well-staffed five-star PADI operation. We have grown to know the dive crew and consider them family. You will love them too.
